

**Stanford Tissue Bank
Research Agreement**

Date: _____

Principal Investigator: _____

Project #: _____

Project title: _____

By signing below, I agree to the following statements or conditions attesting to the appropriate and ethical conduct of my research using tissue specimens obtained from the Stanford Tissue Bank:

- I am fully responsible for the research performed using specimens obtained from the Stanford Tissue Bank.
- I have provided truthful information on the nature and IRB/PRMS review of my research study.
- I will use specimens obtained from the Stanford Tissue Bank only for the research project as described in the service request, and only as approved by the IRB.
- I will respect patient privacy and confidentiality, and not access protected health information linked to specimens except as specifically approved by the IRB.
- I will not share or distribute tissues to any third party or collaborator not listed on the service request form.
- I will not sell tissues to any third party.

Signed: _____

Dated: _____

>In addition, the Tissue Bank requests that any publications resulting from use of specimens appropriately recognize those clinicians making significant contributions to tissue procurement (e.g. co-authorship may be appropriate), and include a statement in the acknowledgements indicating that tissue specimens were obtained from the Stanford Tissue Bank. The Tissue Bank requests to be informed of resultant publications.
